ROK ISLAND AHEAD The Latest Thing in Tourist Sleep ing are.

Ing are.

The Rock Island has inaugurated a new feature, which promises to create considerable interest in railway improvement, it being a free tourist car service, with nearly all the conveniences of the palace car, including coiporter in attendance, fine hair muttresses, pillows, blankets, soap, etc. When made upfor night, the fourteen sections are partitioned off with sliding panels, and curtained with heavy damask draperies. Tables, attachable to the sides of the interior, are provided for each section. The cars are heated by ateam, the aisie carpeted, and cuspidors for the cleanliness of the cars, are added. The duties of the porter accompanying each car will be similar to those of the palace car service—to look after the wants of the passengers and see that the car is kept perfectly clean. In one cad is the ladies lavatory, and in the other, one for the gentlemen, which are as nicely appointed and furnished as the most fastidious would desire. The intention of the Chicago, Kansas & Nebraska is to furnish these cars free to tourists and excursion parties when the number of persons is sufficiently large enough to justify the use of a car or cars. With such accommodations, and without charge, there is no further necessity of a western tour-without sleeping accommods.
